RE: Mid-Year Report (1/1/95 - 6/30/95) ID# C00162339  
The Ohio Republican State Central and Executive Committee

Dear Mr. Tallman:

This letter is in response to your review letter dated November 1, 1995. Upon review of our report following are the answers to the questions that you raised:

- 1) Contribution from an unregistered federal committee  
Page 22 of Schedule A line 11ai  
Contribution from Haines for State Representative; upon review we agree that this contribution was impermissible. Attached is the written authorization for us to transfer these funds to our state account. Also attached is a photocopy of the check correcting the entry.
- 2) Transfers from affiliated and other party committees.  
You are correct in that the transfers from the county parties were disclosed on the incorrect line of the Detailed Summary Page. We have made the necessary adjustment to reflect these funds on line 12. These contributions are from our counties and represent allowable federal contributions. County Goal is federal money raised at the county level and then contributed to the state party from the counties federal account. Per AO 1993-21 (attached) Tax Check-Off funds are considered permissible federal funds. These are deposited to a separate segregated fund and are reported annually to the state of Ohio and are also reported on the federal report.

3) Exempt party activities.

You are correct in that the exempt party activities were disclosed on the incorrect line of the Detailed Summary Page. We have made the necessary adjustment to reflect these funds on line 21(b).

4) Schedule D vendor debt.

a) Blue Cross/Blue Shield, Employment Development, J.H.B. Enterprises, Lasermail, Lindey's, Robert T. Bennett

Upon review of the above vendors we have corrected Schedule D line 10. Employment Development, J.H.B. Enterprises and Spencer & Erie were dropped from the federal report as they were state debts. The system in place previous to 1994 could not distinguish between debts which were for federal purposes and those for state purposes. Beginning January 1, 1994 we were able within a new accounting system to distinguish between the two, however, determining debt responsibility has taken some time especially for those vendors with old debts. The vendors however should not have just been dropped but rather shown with an explanation and a zero ending balance as the balance was carried over and reported on our state report. I have added these to Schedule D with the proper explanation. The Blue Cross/Blue Shield, Lasermail, Lindey's and Robert T. Bennett were mistakenly omitted. We have made those corrections also.

b) Vendor balance for Town & Country Technical Srv., Xerox Corp.

Town & Country Technical Service prior balance as of 12-31-94 reflected a state debt of \$477.53 which was paid with state funds in 1995. I have corrected the beginning balance to match year-end 1994 and notated the state payment. I have also corrected the Xerox Corporation beginning balance and reflected the amount that was paid by our state account.

c) Vendor payment for Coldwater Corporation

This vendor once again was a state only debt. I showed the payment on the Schedule D to reflect that we were withdrawing the debt from the federal report as it was a state debt and was reported as such on our state report.

d) Payment discrepancy for Expedite Systems

Vendor gave us a credit of \$3.19 for overage on sales tax charged.

e) Payment discrepancy for United Parcel Service

Vendor gave us a credit of \$840.00 for charges that were reflected on a 1994 bill that we disputed. Charges were not ours and we were credited for the \$840.00. Only \$901.50 was shown as paid to United Parcel Service on our Mid-Year report the other \$18.40 was

not to United Parcel Service it was to Disbursing Officer-USPS and was reported as such. You probably confused the UPS with USPS.

f) Payment discrepancy for William Graystone Winery

The additional \$100.00 was paid from our state account on January 12, 1995.

g) H4 discrepancy for Professional Support Group and Downtown Computer Supply

Upon review of disbursements for above vendors on the H4, I cannot locate a discrepancy. Please provide me with copies of the entries so I can further research.

5) Schedule A: contributions from corporations

Page 14,21 and 29 of Schedule A line 11ai

I have enclosed copies of the checks for the individuals you referenced. Although a company name was referenced in the mailing address these are individual contributions. The company name and address are those we have on record for these individuals as mailing addresses. These are allowable federal contributions.

6) Schedule A line 12 regarding transfer of funds from Republican National Committee

I have changed the line for the exempt activities as shown in item#3. I'm not sure if this answers the questions other than yes these disbursements do qualify as "exempt" activities. The transfer from the RNC was for the purpose of party building efforts and none of the funds were used for payment of these "exempt" activities. The "exempt" payments were made in January and April of 1995, the funds transferred to us by the RNC was not received until May 1995.

7) Schedule H1 federal allocation

The 0% federal share and subsequent transfers in from the state account were due to the impressed federal payroll account, (letter attached). We set this account up in the beginning of 1994 to handle all of our payroll, both federal and state. We were not questioned on this until the beginning of 1995 other than a request for an explanation which we provided with each report. We have spoken with Lisa Stolaruk regarding this problem and upon further review with the Federal Elections Commission we have ceased to pay state employees from this account except as based upon the federal allocation. In the future we will have our payroll service set-up two separate payroll accounts one for federal and one for state at those times in the election cycle when we hire strictly state employees.

I hope that I have been able to clarify the issues you have raised. We apologize for the lack of proper explanations with regards to the vendor debt. We were new to this reporting process at the beginning of 1994 and have now installed an accounting program that can best meet the reporting needs from the standpoint of not only state and federal reporting but also for the Ohio Republican Party financially. This has taken some time to complete with respect to vendor debt because as I stated before the prior accounting records could not differentiate between federal and state debt.

We appreciate your help and the help we've received from Lisa Stolaruk. Please contact us with any further questions or concerns.

Sincerely,

*Terri L. Matthews*

federal dollars, applicable to the federal share of the allocable expenses.<sup>1</sup> The Commission noted that the tax-checkoff funds, though not contributions, did not exceed the FECA's limits and were derived from permissible federal sources, i.e., revenues generated by designations made by individual taxpayers.

Date Issued: December 10, 1993; Length: 8 pages. Commissioner Trevor Potter submitted a dissenting opinion (4 pages). ♦

### Advisory Opinion Requests

#### AOR 1993-25

## Compliance

### MUR 3619 Post-Election Contributions Exceed Campaign Debt

The Hoosiers for Tim Roemer committee agreed to pay a \$3,900 civil penalty for failing to refund or seek redesignation of post-election contributions that exceeded the campaign's net debts outstanding, in violation of 2 U.S.C. §441a(f).

Under FEC regulations, a candidate may accept contributions for a particular election after it has been held, but only to the extent that the contributions do not exceed the campaign's net debts outstanding and only if the contributions have been designated by the contributors for that election.<sup>1</sup> 11 CFR 110.1(b) and 110.2(b). A campaign's net debts outstanding consist of unpaid debts incurred with respect to the election minus cash on hand. Should a campaign receive designated post-election contributions exceeding its outstanding debt, it must refund them or ask the contributors to redesignate their contributions for another election within 60 days.

The Roemer committee accepted \$13,768 in post-general election contributions that exceeded its net debts, and failed to refund or seek redesignation of them. The committee contended that the violation, which dates back to the 1990 election, resulted from its misunderstanding of the debt retirement rules. Subsequently, the committee refunded the contributions, paid its civil penalty and took steps to ensure that the violation did not occur again. ♦
